Fontevraud-L'Abbaye, FRANCE (**Willingness to Relocate**)

Driving Licence French Nationality

Passionate developer with experience in **React, Vue.js, Node.js, TypeScript** and **Python/Django**. I am looking for an opportunity within an innovative company. Before I graduated in web development, I had already explored several languages and technologies, developing a solid technical base. Curious and rigorous, I appreciate technical challenges and always try to provide solutions adapted to business needs. I would be happy to contribute my energy and skills to your team.
